EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Ira Schultz on January 12, 2009.

The application has been amended as follows:

In the specification filed May 31, 2006, page 4, the last line:

Numeral "39" has been changed to -- 40 --.

In claim 7, line 7:

":" has been changed to -- , --.

In claim 7, line 9:

“, which is fixed at a bottom portion” have been changed to -- having a bottom portion fixed --.

In claim 7, line 10:

After “intermediate”, the wording, -- cylinder -- has been added.

In claim 7, lines 14-15:

The wording, “and which is displaceable telescopically in the second cylinder section” have been changed to -- , the second and intermediate cylinder section is displaceable telescopically on the third and upper cylinder section, and the third and upper cylinder section is in the second and intermediate cylinder section --.

In claim 7, line 23:

After “plate”, the following wording have been added --, the bendable diaphragm having one end clamped to the bottom portion of the third and upper cylinder section and an opposing end clamped to the bottom portion of the first and lowest cylinder section --.

In claim 7, line 34:

After the second occurrence “plate”, the wording, --, the spring having one end clamped to the bottom plate and an opposing end connected to the pressing plate internally in the pressing cylinder -- have been added.

“potions” has been changed to -- portions --.

Information Disclosure Statement

Receipt is acknowledged of an Information Disclosure Statement (I.D.S.), filed December 15, 2008, which I.D.S. has been placed of record in the file. An initialed, signed, and dated copy of the form PTO-1449 is attached to this Office action.

Allowable Subject Matter

Claims 7-15 are allowed.

The following is an examiner’s statement of reasons for allowance:

Claim 7 is allowed because the art of record, considered alone or in combination, neither anticipates nor renders obvious a pressing cylinder in a structural arrangement as claimed. Such

pressing cylinder as claimed is easy to operate and cheap to produce (see abstract); and therefore, claim 7 is found allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to JIMMY T. NGUYEN whose telephone number is (571)272-4520. The examiner can normally be reached on Monday-Thursday 7:30am-5:00pm with alternating Fri. 7:30am-4:00pm.
